("AT&T"), filed an application to reduce rates for Wide Area Telecommunications Service, AT&T Reach Out Kentucky Service, Software Defined Network Service, AT&T Megacom 800 Service, and AT&T 800 Readyline Service.¹ Along with the application, AT&T filed a Petition for Confidentiality.

Subsequently, on May 17, 1988, AT&T filed a Motion to amend its application, stating that its application should be amended to reflect increased access charges pending in Case No. 10171.² Along with the Motion, AT&T filed a Petition for Confidentiality.

¹ In addition, AT&T made a tariff filing to reduce rates for Message Telecommunications Service under guidelines established in Case No. 9889, Adjustment of Rates of AT&T Communications of the South Central States, Inc. These proposals result in a total revenue reduction of \$7.2 million.

² Access Services Tariff Application of GTE South, Inc. The amended application and Message Telecommunications Service tariff filing result in a total revenue reduction of \$5.7 million.

pending further investigation.³ Also, the Commission is of the opinion and finds that AT&T's Petitions for confidential treatment of commercially sensitive information should be granted, subject to the provisions of 807 KAR 5:001, Section 7, Confidential Information not Publicly Available.

Accordingly, each of the above findings is HEREBY ORDERED.
